**Costruendo sulle nostre radici guidiamo il mercato creando domanda e inventando modi semplici e sostenibili per ispirare ed elevare ogni momento.**

**La nostra comunità si estende ai nostri clienti, per i quali offriamo un servizio eccezionale, una competenza di alto livello e una creatività senza rivali.**

**La nostra missione: Ispirare e portare la gioia dei palloncini ad ogni occasione.**

Nestling deep in the hills in the heart of Italy is Casalvieri, a small town that's the home of Gemar. Here, over four generations of the Rocca family have honed and passed on our expertise to become the largest manufacturer of natural rubber latex balloons in Europe... and we're delighted to have customers in 50 countries. We have continued to lead the way in balloon development, inspiring the people who use our products with new ways to add joy to every occasion.

And it's all thanks to our dedication to...

- Tradition, building on our heritage with passion and dedication but always with an eye to the future.
- Innovation, never being content but always seeking out new ways to do things better and differently.
- Creativity, inspiring the people who use our products with new ways to add a touch of joy to every occasion.
- People, passing on the tradition and passion for balloons, making those who work with us a part of our family.
- Responsibility, taking care to make sure that our products are as sustainable and safe as possible throughout their lifecycle.

Today, we produce millions of balloons every day in more than 100 different shapes, sizes and colours... all made in Italy with passion and pride, and all designed to lift your memorable moments.

*Nel cuore dell'Italia, annidata profondamente tra le sue colline c'è Casalvieri, un piccolo paese dove Gemar produce i suoi palloncini. Qui, più di quattro generazioni della famiglia Rocca hanno perfezionato e trasmesso le competenze che ci hanno permesso di diventare il più grande produttore di palloncini in lattice naturale d'Europa... siamo lieti di avere clienti in oltre 50 nazioni.*

*Continuiamo ad avere un ruolo guida nello sviluppo del palloncino, ispirando le persone che comprano i nostri prodotti con nuovi modi per aggiungere un tocco di gioia ad ogni occasione.*

Ed è tutto grazie alla nostra dedizione per la...

- Tradizione (ex identità), costruire ogni giorno sulle nostre radici con cura e passione e con lo sguardo verso il futuro.
- Innovazione, non accontentarsi e cercare nuovi metodi per fare le cose in modo diverso e sempre migliore.
- Creatività, ispirare le persone che utilizzano i nostri prodotti con nuovi modi per aggiungere un tocco di gioia ad ogni occasione.
- Persone, trasmettere la cultura e la passione per i palloncini a tutti coloro che lavorano con noi facendoli partecipi e parte integrante della nostra famiglia.
- Responsabilità, assicurare quanto più possibile la sostenibilità e la sicurezza dei nostri prodotti nel loro ciclo di vita.

*Oggi, produciamo quotidianamente milioni di palloncini in oltre 100 forme, misure e colorazioni, tutti rigorosamente made in Italy con passione e orgoglio, e tutti progettati per elevare i vostri momenti memorabili.*

## Lifting the Moment...

We make more than balloons, we make moments.

*Produciamo più che semplici palloncini, realizziamo momenti.*

## A proud heritage

### 1902

Behold the story of a century old Italian balloon company, the first of its kind...

### 1950's... anni 50

*"casa fondata nel 1902  
La più antica del genere"*

Our company began way back in 1900, when Angelo Rocca founded one of the first Italian companies specialising in balloon craftsmanship. He began to sell his balloons across Europe, Africa and the Middle East. At this time, production was on a small scale as everything was made by hand.

In 1972, Angelo's son Genesisio transformed the company, taking it from an artisan outfit to industrial scale production. In 1977, Angelo, son of Genesisio took over the reins and in 1990 founded Gemar Limited. The combination of skills, expertise, heritage and technology that has been passed over 4 generations, now including Genesisio, son of Angelo, is what makes Gemar truly unique.

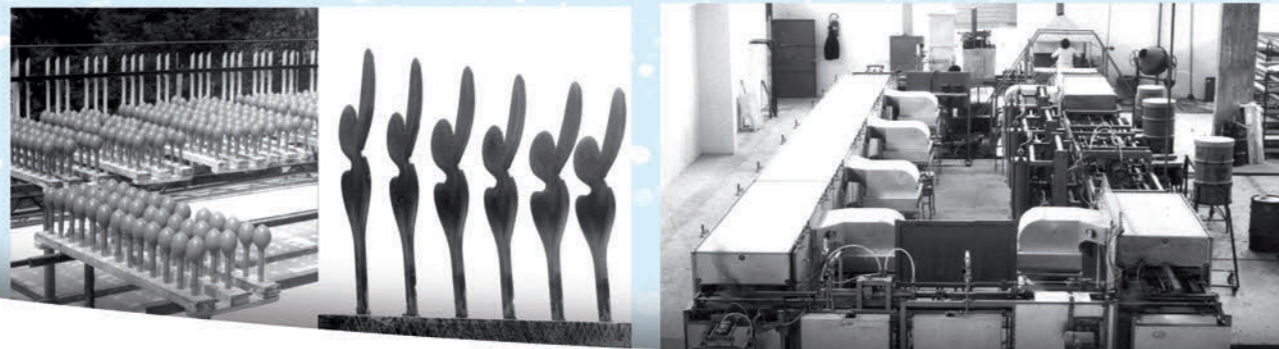

*Così la storia centenaria della prima azienda italiana di palloncini ebbe inizio...*

La nostra azienda ebbe inizio nel lontano 1900, quando Angelo Rocca fondò una delle prime aziende italiane specializzate nella fabbricazione manifatturiera del palloncino. Angelo iniziò a vendere i suoi palloncini in Europa, Africa e nel Medio Oriente. A quel tempo, la produzione avveniva su piccola scala in quanto era tutto realizzato a mano.

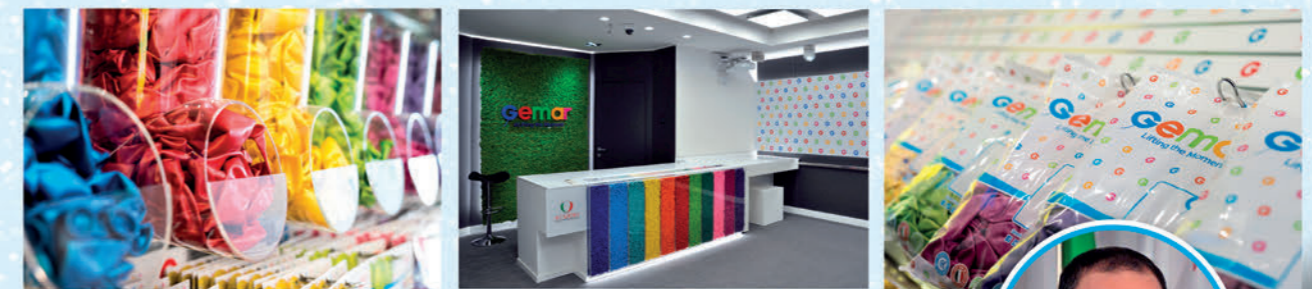

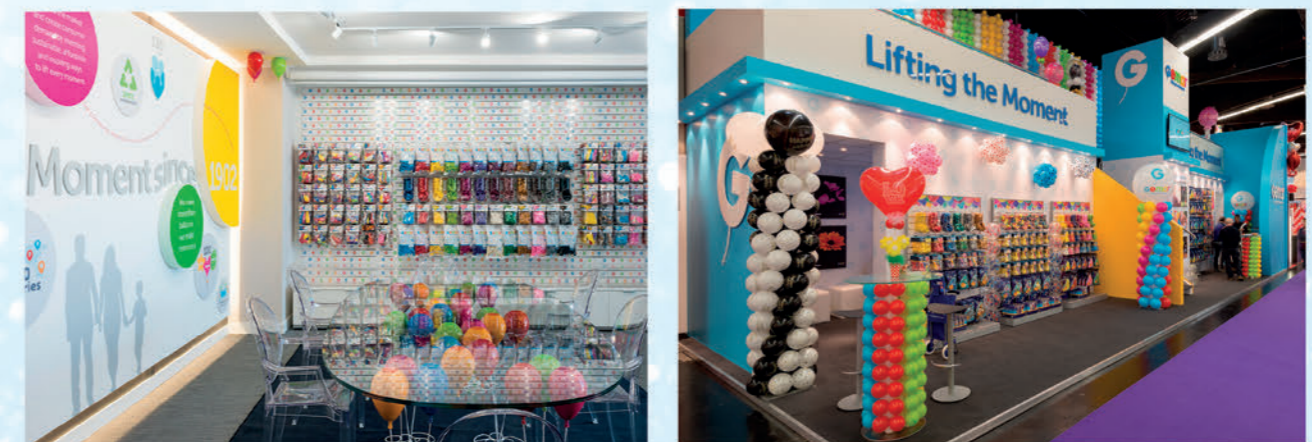

### 1970's... anni 70

Nel 1972 Genesisio, il figlio di Angelo Rocca, trasformò l'azienda, portandola da una piccola realtà manifatturiera alla produzione su scala industriale. Nel 1977, Angelo, figlio di Genesisio, prese le redini dell'azienda e fondò nel 1990 Gemar srl. Questa combinazione di abilità, competenze, retaggio e tecnologia tramandata da oltre 4 generazioni, includendo adesso Genesisio - figlio di Angelo - è ciò che rende Gemar veramente unica.

## ACCADEMIA del PALLONCINO ITALIANO

### Preserving and maintaining this highly creative industry

Through the Accademia del Palloncino Italiano, we offer training and activities as part of its programme to preserve and spread the art of decoration using Italian balloons.

This non-profit organisation is the perfect starting point for anyone who wants to approach balloon art professionally and seriously, offering new ideas and original concepts. It is harnessing the growing demand for balloons as decoration, with brightly coloured balloon-creations now seen at gala dinners, theatre and sport conventions.

### Our philosophy

- To promote and transfer knowledge of balloon art
- To defend and protect the Italian balloon against counterfeiting
- To promote Gemmar balloons using our Italian heritage
- To develop and sustain the profession of balloon art by investing in the artistic talent and expertise of master decorators
- To carry out research and development of new techniques, products and applications within the sphere of balloon art and decoration.

### Preservando e mantenendo questa industria altamente creativa

Attraverso l'Accademia del Palloncino Italiano, offriamo varie attività e corsi di formazione come parte di un programma indirizzato a preservare e diffondere l'arte della decorazione utilizzando i palloncini italiani.

Questa organizzazione senza scopo di lucro rappresenta il perfetto punto di partenza per chiunque desideri approcciarsi al mondo del palloncino in modo serio e professionale, offrendo nuove idee e concetti originali. Accademia sta incanalando la crescente richiesta di palloncini per la decorazione, con creazioni realizzate con palloncini dai colori brillanti ora esposte nelle cene di gala, al teatro e ai convegni sportivi.

### La nostra filosofia

- Promuovere e trasferire la conoscenza della balloon art
- Difendere e tutelare il palloncino italiano dalle contraffazioni
- Promuovere i palloncini Gemmar usando la nostra eredità italiana
- Sviluppare e sostenere la professione della balloon art investendo nel talento artistico e nelle competenze dei nostri Maestri decoratori.
- Svolgere attività di ricerca e sviluppo di nuove tecniche, prodotti e applicazioni nel campo della decorazione e balloon art.

GEMAR balloons are made of biodegradable natural rubber latex.  
\*Average flying time for helium filled latex balloons.

Environmental conditions, helium quality, filling and use of the products may vary beyond our control. Therefore these specifications are to be considered as a guideline and no performance guarantee can be made. Metallic balloons are slightly smaller due to their latex composition and average flying time is reduced in proportion to the actual size. We recommend to pre-stretch the balloons before inflating with gas. Inflate the balloon with air 2 times before inflating with helium or balloon gas.

**Tips:**

While using a helium tank and the content of helium decreases the filling pressure will also go down to a certain extent that the balloons cannot be filled properly. In this case we recommend to pre-stretch the balloons by inflating at first with air and then to proceed to inflate with helium so the balloon is less resistant and less pressure is required to fill the balloon properly. We recommend the use of **ULTRA HIFLOAT** for helium filled balloons.

**ULTRA HIFLOAT** balloon flight extender can increase the flying times of latex balloons up to 25 times longer than untreated balloons.
