Gemar®
Lifting the Moment

Benvenuto

Welcome to the 2021 Gemar Catalogue!

At Gemar we're passionate about lifting every moment and spreading the joy of balloons around the globe as we work with our partners and customers worldwide. As a valued member of the Gemar family, we hope you enjoy the collections you find in these pages.

As the world emerges from recent challenging times, we're counting our blessings, appreciating those we love, and thinking about the privilege of putting products out into the world. Out of the chaos of what was an extraordinary year we look forward to a new beginning and find ourselves inspired by a great sense of renewal and by the beauty of life, «bellezza» as we say in Italian, wraps up our vision for the future.

Balloons are the perfect symbol of resilience and beauty, they lift the spirits, bring people together and celebrate life. From small moments to important milestones, balloons are the perfect way to create lasting happy memories, whatever life brings. More than ever, we want everything we do to be as meaningful and thoughtful as possible. Which is why we've been spending our time refining our collection of balloons with more than 100 shapes, sizes and colours just waiting for you.

We continue with our drive towards sustainability by lifting the moment while loving our planet and we invite you to join us. "Go Green with Gemar" is our initiative to develop plastic free, sustainable and premium quality balloons.

Here's to lifting the moment together with fun and laughter and finding "bellezza" in everything we do!

Benvenuti nel Catalogo Gemar 2021!

Noi di Gemar vogliamo celebrare ogni momento e diffondere la gioia dei palloncini ovunque, grazie ai partner e ai clienti in tutto il mondo. In qualità di prezioso componente della famiglia Gemar, speriamo che le collezioni contenute in queste pagine saranno di tuo gradimento.

Mentre il mondo sta ancora lottando per vincere la sfida di questi lunghi difficili mesi, ci rendiamo conto di quanto siamo fortunati, di quanto sono importanti le persone che amiamo e del privilegio che abbiamo di poter portare i nostri prodotti in tutto il mondo. Lasciadoci alle spalle il caos provocato da un anno davvero fuori del normale, guardiamo avanti ad un nuovo inizio e ci sentiamo ispirati da un grande senso di rinnovamento e dalla bellezza della vita che pervade la nostra visione del futuro.

I palloncini sono un simbolo perfetto di resilienza e bellezza, rallegrano lo spirito, riuniscono le persone e celebrano la vita. Dai piccoli momenti alle tappe più importanti, i palloncini sono il modo perfetto per creare ricordi felici che durano nel tempo, ovunque ci porti la vita.

Ora più che mai, vogliamo operare nel modo più significativo e responsabile possibile. Ecco perché ci siamo impegnati per migliorare la nostra collezione di palloncini: più di 100 forme, dimensioni e colori diversi ti aspettano.

Iniziamo questa nuova avventura in maniera sostenibile celebrando il momento e proteggendo il pianeta, e ti invitiamo ad unirti a noi. "Go Green with Gemar" con i nostri palloncini di alta qualità, sostenibili e senza plastica.

Celebriamo il momento con divertimento e buon umore, cercando la bellezza in tutto ciò che facciamo!

Gemar® Masters & Ambassadors

Shiny Heart

Let love shine.

This balloon couldn't be more perfect. Big enough to float, yet small enough to use in sculptures.

All with the beautiful colours and luminous sheen you've come to expect from Gemar Shiny.

It's time to let love shine.

Lifting the Moment

What's New

La Bellezza through Gemar colours

One of the most amazing human qualities is our ability to foster creation from destruction. Out of the chaos we choose to bring beauty and connection. Balloons are the perfect symbol of beauty - "bellezza" as we say in Italian. They lift spirits, bring people together and celebrate life, from the small moments to the important milestones - balloons are the perfect way to create lasting, happy memories.

Gemar PRO®
It's Time to Go Pro

**Be extraordinary,
become a GemarPRO**

Gemar balloon artists are leaders in the industry. They have an infectious passion for the endless possibilities of balloon art and travel the world to inspire joy in all of us, both young and young at heart. Inspiration, innovation and creativity are the words they live by and they rise above the ordinary to create something truly extraordinary. These masters of balloon art have now created a program that means you can become extraordinary too, with lessons created by Gemar Masters and delivered around the world by our wonderful Ambassadors. Sharing knowledge and skills that turn a beginner into a professional, - for those who are passionate about balloon art it's time to go PRO.

What's New

GoGreen protecting the planet

At Gemar, we're passionate about lifting the moment and creating memories that last, spreading the joy of balloons around the world as we work with our partners and customers. Balloons are loved by everyone, a symbol for fun, love and happiness without the need for words. The simple sight of a balloon brings joy to people of all ages, and we firmly believe that we can spread that joy in an environmentally-friendly, sustainable and ethical way.

La sostenibilità dal produttore al consumatore

Il nostro impegno per diventare un'azienda globale più sostenibile inizia dai nostri prodotti. Gemar è orgogliosa di presentare una nuova linea di palloncini in gomma naturale certificati Forestry Council Stewardship (FSC) imballati in bustine riciclabili e riutilizzabili, insieme a BalloonGrip™, un'alternativa conveniente, biodegradabile e ecologia ai bastoncini di plastica. FSC è la soluzione più affidabile del mondo per la gestione sostenibile delle foreste che protegge gli alberi del nostro pianeta per le future generazioni, combattendo la deforestazione e il cambio climatico e mantenendo pulite le fonti idriche. Grazie al label 100% FSC Gemar i nostri clienti possono acquistare prodotti in gomma naturale fabbricati nel rispetto delle persone e della natura. E allora, "Go Green with Gemar" (Diventa Ecologico con Gemar) e divertiti con i nostri palloncini di alta qualità e privi di plastica, con la sicurezza che la tua scelta è naturale e sostenibile.

Shiny Hearts

Fai risplendere l'amore

La perfezione in un palloncino. Abbastanza grande per volare alto nel cielo e al tempo stesso abbastanza piccolo per una scultura. Il tutto con i bellissimi colori e la lucentezza tipici di Shiny Gemar. Fai risplendere l'amore

Lifting the moment protecting our planet

At Gemar we are committed to playing our part in building a sustainable global economy, and to our responsibility towards the environment, our work force and the communities in which we operate. We are members of the UN Global Compact and we have incorporated social, economic, and environmental concerns into our daily business operations and decision-making. We launched our "Go Green with Gemar" initiative to set out our values, our code of ethics and our sustainability goals, and to show how we're managing our social and environmental impact through the pursuit of these goals.

Industry Leader in Sustainability

Gemar® is proud to lead the way into the future, being the first company in the balloon and party industry to adopt sustainability reporting certified according to GRI guidelines

Renewable

At a time when the world is facing a growing plastic waste problem, it's important to know that our balloons are not plastic. We are very proud of the fact that we have always used caoutchouc natural rubber, a bio-based and renewable material, to manufacture Gemar balloons. Caoutchouc, a milky sap harvested from the Hevea Brasiliensis rubber tree in the same way that maple syrup is tapped from maple trees, is a natural and renewable material preserved throughout the manufacturing process, which contributes to the net reduction of CO₂ and biodegrades at about the same rate as an oak leak, something that not many products can claim.

Carbon Neutral

We have not only reduced our carbon footprint, we have created a negative CO₂ balance! From the rubber plantation to finished balloons leaving the factory, we save 29.09 tons of carbon dioxide per ton of balloons.

100% FSC

Creating change

Here at Gemar, we are passionate about driving improvements throughout the industry by working together as a global community. We are an active member of Assogiocattoli and the European Balloon & Party Council (EBPC), organisations dedicated to improving industry standards and promoting best practices and responsible use of balloons through Party Safe. Gemar is also a member of SEDEX, a not-for-profit organisation dedicated to improving the ethics of global supply chains as well as European standardization bodies CEN-CENELEC and UNI. Gemar customers know that all our products are created to the highest standards, both in terms of quality and our dedication to ethical and environmental standards. Our commitment in this area has led us to being awarded ISO 9001 and 14001 certifications, validating the work we do each day to make sure our standards and ethics remain high.

Sustainability from producer to consumer. Our pledge to become a more sustainable global company, starts with our products. Gemar is proud to announce a new range of Forestry Council Stewardship (FSC) certified natural rubber. As the world's most trusted sustainable forest management solution, the FSC is taking care of the world's forests for future generations, fighting deforestation and climate change and keeping water sources clean. Our new range of 100% FSC certified natural rubber balloons is packaged in recyclable and reusable balloon bags.

Raising awareness

Although Gemar natural rubber balloons are biodegradable, litter is still unsightly and poses a very real danger to wildlife. Our mission is to educate consumers about the proper use of balloons and to promote the fun use of balloons safely, ethically and with respect for the environment and therefore we don't support balloon releases. Through our ongoing 'Don't Let Go' campaign we encourage consumers to use a balloon weight and to pop and dispose of their balloons responsibly. Please look out for the 'Don't Let Go' symbol featured on all our products.

Education & Community

Education is important to us at Gemar. As well as raising awareness through campaigns like 'Don't Let Go', we provide financial support to local schools and we take a hands-on approach by participating in special events such as G come Giocare and Time for Child, which allow our balloon experts to inspire and educate children on the proper use of balloons through classes that are both practical and a lot of fun. Through our unique Balloonista program we share free educational video tutorials with people across the world, inspiring them to create and discover the joy and passion for balloons.

Safety is Paramount

When choosing Gemar, our customers can be sure that our products are designed to meet the highest standard of quality and expertly made in Italy with pride and passion, in fair working conditions and without ethical compromises. All processes, from design to manufacturing, are carried out in our Gemar facilities in Casalvieri in Italy, in compliance with the most stringent European standards and regulations for quality and toy safety. Gemar quality is recognised across the globe, certified and tested by accredited bodies worldwide such as TUV, SGS, Intertek, IISG-UL.

PARTYSAFE

Go Green with Gemar Celebra il momento Ama il pianeta

Noi di Gemar ci impegniamo a fare la nostra parte per costruire un'economia globale sostenibile, assumendoci le responsabilità che ci spettano nei confronti dell'ambiente, della nostra forza lavoro e delle comunità in cui operiamo. Siamo soci di UN Global Compact e abbiamo inserito le questioni sociali, economiche e ambientali nelle operazioni di business e nei processi decisionali di tutti i giorni. Abbiamo lanciato l'iniziativa "Go Green with Gemar" per dichiarare i nostri valori, il nostro codice etico e i nostri obiettivi di sostenibilità, e mostrare come stiamo gestendo l'impatto sociale ed ambientale della nostra azienda tramite il perseguitamento di questi obiettivi.

Sostenibile, rinnovabile e riciclabile

In un'epoca in cui il mondo sta affrontando il problema dei rifiuti in plastica, è importante sapere che i nostri palloncini non sono fatti di plastica. Siamo orgogliosi del fatto che abbiamo sempre utilizzato caucciù o gomma naturale, un materiale a base biologica e rinnovabile, per fabbricare i palloncini Gemar. Il caucciù, una linfa lattingiosa che si raccoglie dall'albero della gomma Hevea Brasiliensis proprio come lo sciroppo d'acero, è un materiale naturale e rinnovabile che viene preservato durante l'intero processo di fabbricazione, contribuendo a una forte riduzione di CO₂, e viene smaltito alla stessa velocità di una foglia di quercia, cosa che non molti prodotti possono vantare. Questo ci ha consentito non solo di ridurre la nostra impronta di carbonio, ma di creare un bilancio CO₂ negativo.

Senza Carbonio

Non solo abbiamo ridotto la nostra impronta di carbonio, ma siamo riusciti a creare un bilancio CO₂ negativo! Dalle piantagioni di gomma ai palloncini finiti che escono dalla fabbrica, riusciamo a risparmiare 29,09 tonnellate di anidride carbonica per ogni tonnellata di palloncini.

Leader di settore della sostenibilità

Gemar® è orgogliosa di guidare il futuro, essendo la prima azienda del settore balloon e party ad adottare il reporting di sostenibilità certificato secondo le linee guida GRI.

100% FSC

La sostenibilità
dal produttore al consumatore

Creare il cambiamento

La nostra ambizione è migliorare le pratiche industriali lavorando insieme come una comunità globale. Siamo soci attivi di Assogiocattoli e di European Balloon & Party Council (EBPC), organizzazioni che si dedicano a migliorare gli standard di settore e promuovere le best practice e l'uso responsabile dei palloncini grazie a Party Safe. Gemar fa anche parte di SEDEX, un'organizzazione non profit che lavora per migliorare l'etica delle catene di fornitura globali, nonché degli enti di armonizzazione europei CEN-CENELEC e UNI. I clienti Gemar sanno che tutti i nostri prodotti sono fabbricati nel rispetto degli standard più severi, sia in termini di qualità sia per quanto si riferisce agli aspetti etici e ambientali. Il nostro impegno in questo settore ci ha consentito di ottenere le certificazioni ISO 9001 e 14001, a riprova del lavoro che svolgiamo ogni giorno per garantire che i nostri standard e la nostra etica siano al massimo livello possibile.

Vogliamo diventare un'azienda globale più sostenibile, ad iniziare dai nostri prodotti. Gemar è orgogliosa di presentare un nuovo tipo di gomma naturale certificata Forestry Council Stewardship (FSC). FSC è la soluzione più affidabile del mondo per la gestione sostenibile delle foreste che protegge gli alberi del nostro pianeta per le future generazioni, combattendo la deforestazione e il cambio climatico e mantenendo pulite le fonti idriche.

Campagna di sensibilizzazione "Don't Let Go" (Non farlo volar via)

Anche se i palloncini in gomma naturale Gemar sono biodegradabili, i rifiuti sono antiestetici e costituiscono un vero pericolo per la vita animale. La nostra missione è educare i consumatori a utilizzare i palloncini in maniera adeguata, promuovendo il divertimento nel rispetto della sicurezza, dell'etica e dell'ambiente, e proprio per questo raccomandiamo di non rilasciare i palloncini in aria. Con la campagna di sensibilizzazione "Non farlo volar via" incoraggiamo i consumatori ad usare un peso e a scoppiare i palloncini per garantire uno smaltimento responsabile. Tutti i nostri prodotti riportano il simbolo 'Don't Let Go' (Non farlo volar via).

Istruzione

Per noi di Gemar, l'istruzione è importante. Oltre a organizzare campagne di sensibilizzazione come "Don't Let Go" (Non farlo volar via), sosteniamo finanziariamente le scuole locali e ci impegniamo concretamente partecipando in eventi speciali, come "G come Giocare" e "Time for Child", che consentano ai nostri esperti di ispirare e educare i piccoli all'uso corretto dei palloncini tramite lezioni pratiche e divertenti. Tramite il nostro esclusivo programma Balloonista condividiamo con le persone di tutto il mondo dei video tutorial per invitarle a creare e a scoprire la gioia e la passione per i palloncini.

La sicurezza prima di tutto

Quando scelgono Gemar, i nostri clienti possono essere certi che i nostri prodotti sono progettati in modo da rispettare i più alti standard di qualità e che sono prodotti in Italia con orgoglio e passione, in condizioni di lavoro equa e senza compromessi etici. Tutti i processi, dalla progettazione alla fabbricazione, sono effettuati negli stabilimenti Gemar di Casalvieri in Italia, nel rispetto degli standard europei più severi in termini di sicurezza e qualità dei giocattoli. La qualità Gemar è riconosciuta in tutto il mondo, certificata e testata da enti internazionali accreditati, come TUV, SGS, Intertek, IISG-UL.

PARTYSAFE

*We make more
than balloons
we make
moments*

Tucked among the hills in the heart of Italy you will find Casalvieri, a small town that has been home to the Rocca family for over four generations and the site of Italian balloon innovation for just as long. Gemar is very much a family business, and our mission is to inspire and bring balloon joy to every occasion.

How we do what we do? Our guiding principles:

RESPONSIBILITY

Gemar is founded on strong ethical values passed on by generations of the Rocca family it's commitment to social responsibility. We firmly believe that we can grow in an environmentally friendly, sustainable and ethical way. At Gemar we really do feel that we are a global community and extended family, from our most distant customer to the workforce in Casalvieri.

TRADITION

A passion for balloons has been passed down through the Rocca family for generations. Now supported by a dedicated team, we work to build on that heritage for future generations.

INNOVATION

Innovation is at the core of our business. From product development to business practices, we are always looking for ways to stand out from the crowd.

CREATIVITY

It's important to us to share the joy of balloon art worldwide and we are always looking for ways to inspire and support balloon artists, from the newest novice to our balloon art masters.

EXPERIENCE AND KNOW HOW

When choosing Gemar, our customers can be sure that our products are designed to meet the highest standard of quality and expertly made in Italy with pride and passion, in fair working conditions and without ethical compromises. All processes, from design to manufacturing, are carried out in our Gemar facilities in Casalvieri in Italy, in compliance with the most stringent European standards and regulations for quality and safety. Gemar quality is recognised across the globe, certified and tested by accredited bodies worldwide such as TUV, SGS, Intertek, IISG-UL . Gemar balloons aren't just sustainable and ethically produced, they also achieve the highest standards for long-lasting product performance.

Incastonata tra le colline nel cuore dell'Italia, la cittadina di Casalvieri è la culla della famiglia Rocca da oltre quattro generazioni e la casa italiana dell'innovazione nel settore dei palloncini da altrettanti anni. Gemar è un'azienda familiare e la nostra missione è ispirare e portare la gioia con i palloncini in ogni occasione.

Come riusciamo a fare quello che facciamo?:

CON RESPONSABILITÀ

Gemar si fonda su forti valori etici tramandati di generazione in generazione nella famiglia Rocca e sull'impegno verso una responsabilità sociale. Siamo fermamente convinti che è possibile crescere in maniera etica, sostenibile ed ecologica. Noi di Gemar siamo una comunità globale e una famiglia allargata che va dai clienti più lontani alla forza lavoro di Casalvieri.

CON LA TRADIZIONE

La passione per i palloncini attraversa la famiglia Rocca da generazioni. Con l'aiuto di un team dedicato, lavoriamo per capitalizzare il nostro patrimonio per le future generazioni.

CON L'INNOVAZIONE

Il segreto è non accontentarsi mai e cercare sempre nuovi modi per migliorare i prodotti e distinguersi dagli altri.

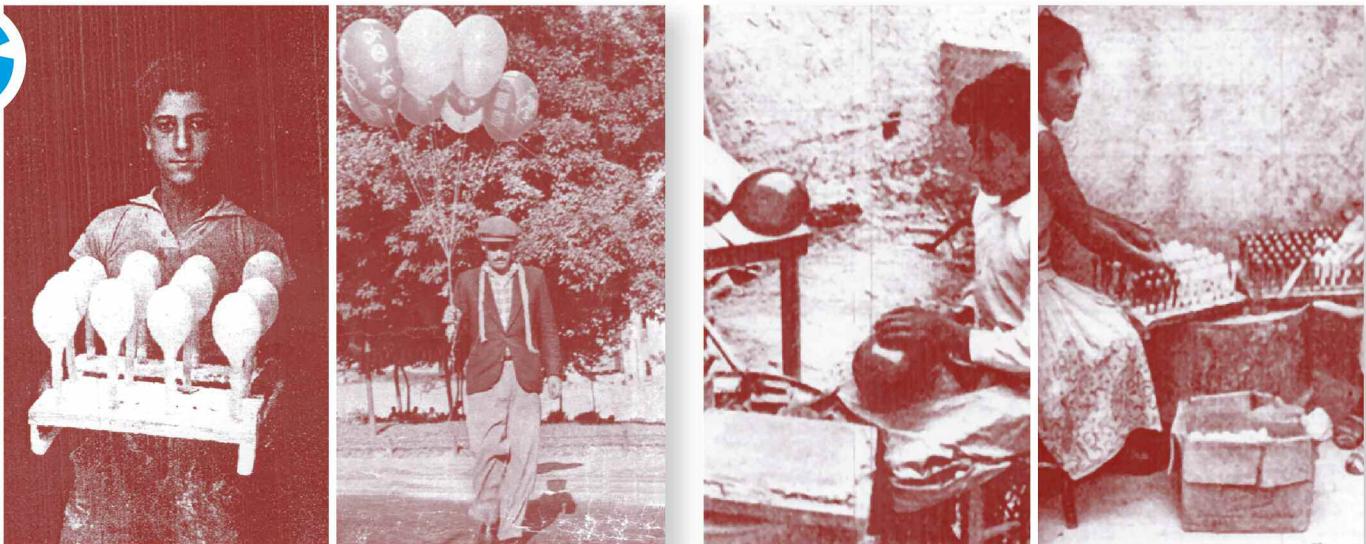

CON LA CREATIVITÀ

Per noi è importante condividere la gioia della balloon art in tutto il mondo e siamo sempre alla ricerca di nuove modalità per ispirare e supportare i balloon artist, dai principianti ai maestri della balloon art.

CON L'ESPERIENZA

Quando scelgono Gemar, i nostri clienti possono essere certi che i nostri prodotti sono progettati in modo da rispettare i più alti standard di qualità e che sono prodotti in Italia con orgoglio e passione, in condizioni di lavoro equa e senza compromessi etici. Tutti i processi, dalla progettazione alla fabbricazione, sono effettuati negli stabilimenti Gemar di Casalvieri in Italia, nel rispetto degli standard europei più severi in termini di sicurezza e qualità. La qualità Gemar è riconosciuta in tutto il mondo, certificata e testata da enti internazionali accreditati, come TUV, SGS, Intertek, IISG-UL. I palloncini Gemar non sono solamente fabbricati in maniera etica e sostenibile, ma rispettano gli standard prestazionali di prodotto più severi a lungo termine.

119 YEARS

A proud heritage

Orgogliosi della nostra eredità

A story of Italian passion, pride and family.

Una storia italiana di passione, orgoglio e valori familiari.

In 1888 a four - year - old named Angelo Rocca emigrated to France, with his family, to help his balloon artisan brother-in-law. The experience sparked a passion for balloons in the young boy, and it is still burning bright four generations later.

Nel 1888 un bimbo di quattro anni di nome Angelo Rocca emigra con la sua famiglia in Francia per aiutare il cognato, un produttore artigianale di palloncini. Questa esperienza accende nel ragazzo la passione per i palloncini, una passione la cui fiamma continua a brillare quattro generazioni più tardi.

Angelo's rise was astounding, at the age of 15 he was managing a balloon workshop and at 18 he returned home and became founder of the first latex balloon manufacturing company in Italy, eventually expanding to sell handmade balloons around the world.

L'avventura professionale di Angelo è sorprendente: all'età di 15 anni gestisce un laboratorio di palloncini; a 18 anni torna in Italia e fonda la prima fabbrica di palloncini in lattice italiana, portando le vendite dei palloncini fatti a mano in tutto il mondo.

While each balloon had to be carefully produced, growth was always limited. Until one of Angelo's sons, Genesio, transformed production when he bought the first automatic dipping line to manufacture latex balloons

La grande cura dedicata alla fabbricazione di ogni palloncini costituisce un fattore limitante per la crescita. Fino a quando Genesio, uno dei figli di Angelo, non trasforma la produzione, acquistando la prima linea automatica per la fabbricazione dei palloncini in lattice.

Sadly, Genesio passed away in a tragic car accident in 1977 but his oldest son, named Angelo after his Grandfather, took the reins. In 1990 Angelo officially founded GEMAR and still leads the company today, along with his son Genesio.

Genesio muore tragicamente in un incidente stradale nel 1977, e suo figlio maggiore, Angelo, che porta il nome del nonno, prende le redini dell'azienda. Nel 1990 Angelo fonda ufficialmente GEMAR e ancora oggi è alla guida dell'azienda, insieme al figlio Genesio.

The combination of skills, expertise, heritage and technology that has been passed down through four generations has led Gemar to become a global leader in the industry and Europe's largest manufacturer of natural rubber latex balloons.

La combinazione di abilità tecnica, esperienza, patrimonio e tecnologia che ha attraversato quattro generazioni ha consentito a Gemar di diventare leader globale del settore e uno dei maggiori fabbricanti europei di palloncini in lattice di gomma naturale.

Academia believes in the potential of skilful balloon artists, we are committed to developing their expertise to master level using authentic, Italian, Gemar balloons. We are on a mission to inspire creativity, support amazing balloon artists and bring joy to people all over the world.

Per diventare Balloonista non ci sono esami da superare e non è necessario fare un corso di formazione o lavorare per un'azienda specifica. L'unica cosa che devi avere è il desiderio di condividere la magia della balloon art. Se ti emozioni vedendo il volto di un bambino illuminarsi di gioia e vuoi mettere a frutto la tua creatività per portare la felicità alle persone accanto a te, allora ti chiediamo di unirti a noi. La community Balloonista è una famiglia in continua crescita che raggiunge tutti gli angoli del mondo, dato che un numero di persone in continuo aumento decide di darsi da fare e creare qualcosa di spettacolare.

IMPARA DAI MAESTRI

Da Leonardo da Vinci a Jackson Pollock, gli artisti hanno sempre imparato la propria arte dai grandi maestri e i balloon artist non fanno differenza. I nostri Maestri della balloon art sono orgogliosi di essere una fonte di ispirazione per i nuovi Balloonista, lasciando in eredità il loro patrimonio di conoscenze e talento. I nostri video tutorial presentano sculture di palloncini straordinarie che vengono smontate pezzo per pezzo sulla base di istruzioni passo passo facili da seguire che in poco tempo ti consentiranno di creare i tuoi capolavori per celebrare il momento.

BALLOON GRIP™

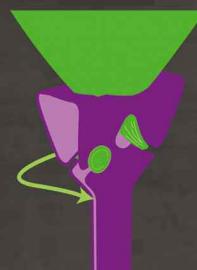

Step 1/Passo 1

Step 2/Passo 2

Step 3/Passo 3

The plastic free alternative to balloon sticks

Many of our existing clients have already pledged to reduce their use of single plastics. With BalloonGrip™, we can offer you an affordable, recyclable, eco-friendly alternative to plastic balloon sticks that allows you to continue planning popular branded marketing activities for your customers.

L'alternativa senza plastica alle asticelle per palloncini

Molti dei nostri clienti hanno già preso la decisione di ridurre l'uso della plastica monouso. Con BalloonGrip™ vi offriamo un'alternativa ecologica, biodegradabile e conveniente alle asticelle per palloncini per aiutarvi ad organizzare attività di marketing per i clienti con il vostro marchio.

HI-SHINE

- Balloons treated with HI-SHINE look brighter and shinier than when they were first inflated!
- Restore the shine to latex balloons that have become dull or cloudy.
- Use with air-filled and helium-filled balloons.
- Safe and non-toxic.
- Combine HI-FLOAT and HI-SHINE for balloons that defy gravity - and time - for longer than ever.

Gemar® balloons are made of biodegradable natural rubber latex.

***Average flying time for helium filled latex balloons.**

Environmental conditions, helium quality, filling and use of the products may vary beyond our control. Therefore these specifications are to be considered as a guideline and no performance guarantee can be made. Metallic balloons are slightly smaller due to their latex composition and average flying time is reduced in proportion to the actual size. We recommend to pre-stretch the balloons before inflating with gas. Inflate the balloon with air 2 times before inflating with helium or balloon gas.

I palloncini Gemar® sono fabbricati con lattice naturale biodegradabile. *Tempo di volo medio per palloncini in lattice gonfiati con elio.

Le condizioni ambientali, la qualità dell'elio, il riempimento e l'uso dei prodotti possono variare al di là del nostro controllo. Pertanto queste specifiche devono essere considerate come linee guida e non è possibile rilasciare alcuna garanzia sulle prestazioni. I palloncini metallizzati sono leggermente più piccoli a causa della composizione del lattice e il tempo di volo medio è ridotto in proporzione alle dimensioni effettive. Si raccomanda di predilatare i palloncini prima di gonfiarli con il gas. Gonfiare il palloncino con aria 2 volte prima di gonfiarlo con elio o gas per palloncini.

Tips

While using a helium tank and the content of helium decreases, the filling pressure will also go down to a certain extent that the balloons cannot be filled properly. In this case we recommend to pre-stretch the balloons by inflating at first with air and then to proceed to inflate with helium so the balloon is less resistant and less pressure is required to fill the balloon properly. We recommend the use of ULTRA HIFLOAT for helium filled balloons. ULTRA HIFLOAT balloon flight extender can increase the flying times of latex balloons up to 25 times longer than untreated balloons.

Suggerimenti

In caso di uso di un serbatoio per l'elio, se il contenuto di elio diminuisce, anche la pressione di riempimento scenderà, impedendo il corretto riempimento dei palloncini. In questo caso si raccomanda di predilatare i palloncini gonfiandoli prima con l'aria e successivamente con l'elio in modo tale che il palloncino sia meno resistente e sia necessaria una pressione inferiore per gonfiare correttamente il palloncino. Si raccomanda l'uso di ULTRA HIFLOAT per i palloncini gonfiati con l'elio. Il trattamento con ULTRA HIFLOAT può aumentare il tempo di volo dei palloncini in lattice fino a 25 volte rispetto ai palloncini non trattati.

This image is a color chart featuring a grid of colored dots arranged in a 7x8 pattern. The columns represent different colors, and the rows represent different dot patterns. The chart is organized into six main sections, each with a distinct background color:

- STANDARD**: Blue background. Contains color names and hex codes: White (#001), Ivory (#059), Yellow (#002), Yellow (#003), Peach (#060), Orange (#004), Blush (#069), Mocha (#076), Brown (#048), Corallo (#078), Red (#005), Red (#045), Rose (#006), Pink (#057), Fuchsia (#007), Burgundy (#047), Lavender (#049), Purple (#008), Periwinkle (#075), Light blue (#009), Blue (#010), Blue (#046), Turquoise (#068), Aquamarine (#050), Light Green (#011), Green (#012), Green (#013), Grey (#070), Black (#014).
- MACARON**: Teal background. Contains color names and hex codes: Baby Yellow (#043), Baby Pink (#073), Lilac (#079), Mint Green (#077), Baby Blue (#072).
- METALLIC**: Red background. Contains color names and hex codes: White (#029), Pearl (#028), Ivory (#058), Baby Yellow (#056), Yellow (#030), Peach (#061), Orange (#031), Dorato Gold (#074), Gold (#039), Brown (#066), Red (#032), Red (#053), Rose (#033), Fuchsia (#064), Rose Gold (#071), Burgundy (#052), Lilac (#095), Lavender (#063), Purple (#034), Light Blue (#035), Blue (#036), Blue (#054), Mint green (#094), Aquamarine (#062), Light green (#067), Green (#037), Green (#055), Silver (#038), Black (#065).
- CRYSTAL**: Green background. Contains color names and hex codes: Crystal (#000), Yellow (#040), Orange (#041), Red (#042), Green (#018), Blue (#019), Blue (#051), Purple (#020).
- CRYSTAL RAINBOW**: Pink background. Contains color names and hex codes: Yellow (#015), Pink (#016), Lilac (#017), Jade Green (#023), Sky Blue (#044).
- NEON**: Yellow background. Contains color names and hex codes: Yellow (#021), Orange (#022), Red (#024), Pink (#025), Purple (#026), Green (#027).
- SHINY**: Grey background. Contains color names and hex codes: Gold (#088), Silver (#089), Space Grey (#090), Pink (#091), Blue (#092), Green (#093), Rosegold (#096).
